

Sandy Young, New Director of Zone 8, Jan 2012

The NBFSC and four volunteer member clubs of NBFSC Zone 8 are pleased to announce and welcome Sandy Young of Moncton, N.B. back as their representative member to the provincial NBFSC Board of Directors. The member clubs of Zone 8; Millstream S.C., Goshen S.C., Fundy S.C. and SENBSA S.C. elected Sandy as their representative in January 2012.

Sandy started snowmobiling in New Brunswick when he moved his family here in 1975. The family, in 1978 purchased a camp on Caledonia Mountain, south of Riverview and home of many SENBSA-NBFSC snowmobile trails, today. Not too long after this purchase, they were soon a 4-sled snowmobile family.

Sandy was a founding member of the South Eastern New Brunswick Snowmobile Association (SENBSA) , now NBFSC member Club #20, which historically has one of the larger memberships in the entire province.

Between 1997 and 2000 Sandy served as SENBSA's President. Since serving as a Club President, Sandy has also offered his support by being a member of two other NBFSC snowmobile clubs; Goshen S.C. and the Moncton-St. Antoine S.C.

In 2008 Sandy took on another volunteer role by serving as a Board Member and Director of NBFSC Zone 6. Before departing the Board Sandy, again, was called upon to be the NBFSC's Secretary which he served as in the 2008-2009 season.

During all of this Sandy found pleasure and developed a keen interest for older snowmobiles; call them Vintage, or Classics or Antiques, he had the bug. He pursued his passion by joining the Antique and Classic Snowmobile Club of Canada. As he was collecting and restoring 'antique' sleds he and another group of snowmobilers started the Golden Oldies Snowmobile Club in New Brunswick.

Sandy served as the GOSC President for several years and now is the club's Past President. He attends several shows in N.S., N.B., and the USA every year.

Today, Sandy is the new Zone 8 Director of the NBFSC.
