

Tourism Weekend

February 21, 22, 23, 2020

The weekend formally known as the “Free Trail Permit Weekend” is now being called the “Tourism Weekend”. Beginning Friday February 21, till Sunday February 23, 2020, snowmobile visitors to New Brunswick can acquire a “Special *no charge* Permit”, to ride any of the NBFSC’s 8000 plus kilometers of trails, for these three days. The “*no charge*” Weekend is only available to snowmobile tourists and visitors from Nova Scotia, PEI, Quebec, Ontario or the New England States, not residents of New Brunswick.

While the cost of the normal, \$80.00, 3-Day Trail Permit is being waived for this weekend, all snowmobilers participating must display the *no charge* NBFSC Trail permit on the windshield of their snowmobile during these three days.

This “Special *no charge* Permit” can be printed off the website after filling in a very brief registration form at www.nbfsc.com from December - February 23.

The *no charge* 3-Day Trail Permits are only available from the NBFSC Website; they are not available at any other location in New Brunswick.

New Brunswick’s Off Road Vehicle Enforcement teams will be participating all weekend also. Everyone with a “Special *no charge* Permit” displayed will be waived through any check points and welcomed on all trails however other requirements of the Off Road vehicle Act will still be enforced. Therefore while you can acquire a *no charge* Trail Permit, all snowmobiles and snowmobilers on NBFSC trails are still required, under the Off Road Vehicle Act, to carry personal PLPD insurance (\$200,000.00 minimum) and have a current snowmobile registration from your home Province or State for your ride.

We have no doubt that many of the regular and popular pit stops, hotels and lodges will fill up quickly so plan to reserve your favorite or new favorite place as soon as possible. You can check our website to review all of the NBFSC’s Corporate Partners, many of the popular stops on the NBFSC trails.
