

Stay On Trail

Snowmobile-Motoneige NB (SMNB) was fortunate in the 2021-2022 Season to procure a grant from the International Snowmobile Manufacturer's Association (ISMA). This grant was for the purpose of promoting the "Stay On Trail" message. Each of the 49 SMNB clubs were sent 3 Welcome signs to place on their trails which promote ISMA's "Safe Rider" Campaign. Part of the message of the Safe Rider Campaign is that the groomed and maintained Managed Snowmobile Trails are the safest places to ride and a Safe Rider stays on marked trails. SMNB appreciates ISMA's continued support and the efforts of all of our volunteers who create and maintain the Managed Snowmobile Trails.
