

## Snowmobile Businesses / Covid-19

The numerous businesses that service snowmobilers, including NBFSC Corporate Partners, accommodations, fuel stops and food services are independently owned and managed. Every business is currently assessing if they can remain open under the current Covid-19 regulations in New Brunswick and the decision is theirs, not the NBFSC's. Before travelling, **please contact the businesses directly** to receive their current status, '*open or closed*', from them.
